**Karel -**

I received a call from the ACPWA on Tuesday saying that we should have the well abandonment permits this week. The traffic control plan for the lane closure is in with the City of Oakland for review. Once we get their approval (expected next week) I'll pick it up in person and walk it down to the City of Oakland

Permit Center, where I will get the Excavation Permit and Obstruction Permits required for the public right-of-way work. I currently have the abandonment (drill out of all wells) scheduled with V&W Drilling for March 27<sup>th</sup>.

Let me know if you have any questions or need anything further. Thank you!
