Received a call from Lili Biava whose late husband was apparently a partner in Tristar Partnership, one of the Responsible Parties for the subject site. She had received a call from George Tuma requesting \$27,000 for her portion of site cleanup. Ms. Biava said that she is retired with limited income. I asked whether the site is in the cleanup Fund and she said that it is. I recommended that she and the other RPs contact the Fund for their reimbursement status. She also did not know what was happening at the site. I informed her that the site is still uncharacterized and that further work is necessary. I told her that I can forward her the most recent ACEH correspondences.
