PSI Project No. 575-401-1

Dear Ms. Detterman:

Tri Star Partnership is pleased to submit the Site Conceptual Model Addendum Letter for the subject site. Please refer to the attached report for details.

I declare, under penalty of perjury, that the information and/or recommendations contained in the attached Site Conceptual Model Addendum Letter are true and correct to the best of my knowledge, without independently investigating or verifying the information contained therein.

If you have any questions regarding this report or any aspect of the project, please call Mr. Frank Poss with PSI at 510-434-9200 (x303).

Sincerely,

George Tuma
General Partner
Tri Star Partnership

Subject: Storm-Drain Outfall
Former AutoPro
5200 Telegraph Avenue, Oakland, California
Case Number RO0000323
GeoTracker Global ID T0600100131
PSI Project No. 575-401

Dear Ms. Detterman:

Per our meeting of May 23, 2014, you requested that, as part of the closure proceedings, PSI identify whether the storm drain that runs along Telegraph Avenue, immediately adjacent to the west of the subject property, had an outfall within 1,000 feet of the subject property. PSI contacted Mr. Craig Pon of the City of Oakland Public Works Department, who provided PSI with maps depicting the location of storm-drain lines within the City of Oakland. PSI reviewed map panel numbers 296, 297, 298 and 310, which included the storm-drain line that runs along Telegraph Avenue and traced it to its outfall, which is located at the Emeryville Storm and Sanitary Separation Plant. This outfall is approximately 8,000 feet from the subject property and therefore is not located within the 1,000 feet radius of concern. A map depicting the trace of the storm-drain line and a 1,000 foot radius around the subject site is presented as Figure 1.

If you have any questions regarding this letter or any aspect of the project, please do not hesitate to call.

Sincerely,

Frank R. Poss
Principal Consultant

Brand Burfield, PG 6986
Project Geologist

Attachments: Figure 1: Storm Drain Location and Outfall
City of Oakland Storm Drain Maps 296, 297, 298 and 310
