RGA Job # CLR8503

Mr. Barney Chan
Alameda County Department of Environmental Health
1131 Harbor Bay Parkway, Suite 250
Alameda, CA 94502

SUBJECT: STATUS UPDATE
Fuel leak case RO0000337
California Linen Rental Company
989 41st Street, Oakland, CA

Dear Mr. Chan:

RGA Environmental, Inc. (RGA) is pleased to present this status update letter regarding the subsurface investigation proposed in our work plan (0304.W1) dated May 1, 2003. On June 9, 2003, RGA submitted a project schedule letter to the Underground Storage Tank Cleanup Fund (UST Fund) as part of a subsurface investigation pre-approval submittal. The start of the schedule (Day 0) in our letter to the UST Fund was identified as the date of notification of pre-approval of our request for reimbursement. Following the submittal of our pre-approval request, the UST Fund discontinued the pre-approval process. Our pre-approval request was not approved prior to discontinuation of the program. At the request of California Linen Rental Company, Day 0 for the project schedule will be the day of this letter and work will proceed as identified below.

<u>Activity</u>	<u>Calendar Days From Date Of This Letter</u>
Contact Driller to Schedule Fieldwork	3
Perform Fieldwork	24
Receive Laboratory Results	38
Submit Report to Client	68
Submit Report to County Oversight Agency	75

RE: California Lihen, Oakland Status Update	0304.48

URGENT FOR REVIEW PLEASE COMMENT PLEASE REPLY

Hi Barney,

Here's a Status Update for California Lihen.

Please let me know if you have any questions.

Can you also let me know status/progress of utility location in adjacent or nearby streets by others for other nearby sites?

Thankyou!

Paul
