Mr. Hom, Ms Cheng,

Thanks for the information. I've updated the records we use. We generally send letters to all interested parties at the last known address, and it looks like this is the first time we've been notified. It would seem obvious that once someone sells a house they generally move out, but for whatever reason we had not received this information for this address. (And with too many cases, the smaller details get lost in the mix). Regardless, thanks; they'll stop.
Best,

Mr. Detterman,

We are recently in receipt of your March 3, 2011 correspondence to Aaron Costa of Chevron related to the inadequate FS/CAP.

We also received correspondence to JL and Jane Bolton at our 3135 Gibbons Drive address. Please be advised that Mr. and Mrs. Bolton were the previous owners of this property and no longer reside or have any interest here as you can confirm with the Alameda County Assessor's Office. Please stop sending materials to the Boltons at our address. Thank you.
