**Duration:** 0 hours

Phone call with Terry Wolf of Broadway Oak Partners. They are the new owners of the site. He asked a series of questions about development of the site. I indicated that development of the site could potentially occur prior to case closure. They would need to submit approved development plans for ACEH review and approval. He asked for a letter stating such. I indicated that he should initiate this request by providing contact information for new owners as we have not added them as an additional responsible party. He indicated that he would do so.
