Dear Mr. Detterman:

On April 4, 2013, Conestoga-Rovers & Associates (CRA) submitted the *Remedial Action Plan Addendum* to the Alameda County Department of Environmental Health (ACDEH) on behalf of Chevron Environmental Management Company (Chevron). According to the California Code of Regulations Title 23, Division 3, Chapter 16, Underground Tank Regulations, the responsible party may begin implementation of the proposed actions after the work plan has been submitted for 60 calendar days and without receipt of written agency approval. Therefore, CRA is notifying the ACDEH that we will initiate the scope of work presented in the April 4, 2013 work plan on Monday June 3, 2013. We will submit the investigation results approximately 60 days after completion of the field work.

Please contact Judy Gilbert of CRA or Eric Hetrick of Chevron Environmental Management Company (Chevron) at 925-790-6491, with any questions or concerns.

Sincerely,

CONESTOGA-ROVERS & ASSOCIATES

Judy A. Gilbert
