Jerry,

As indicated below, I have been asked to provide documentation of ACDEH's approval of the remediation system utilized at the subject site and address.

I am hoping that the attached RAP Addendum Approval letter from ACDEH would be sufficient documentation? It dates to the time period prior to system implementation. The attached site plan should also document the ACDEH understanding of the system to have been installed. If you have questions, please let me know.

Hi Mark – GHD is following up on the permitting for the DPE system at the referenced site. We need for you to provide the Alameda County Building Inspector a letter or email (preferably an email) indicating the Department's approval of the use of the remediation system as outlined in the RAP.

The email should be sent to:

Mr. Jerry Brown  
Supervising Building Inspector  
Alameda County Public Works Agency  
[jerrylb@acpwa.org](mailto:jerrylb@acpwa.org)

Please let me know if you have questions. Also, please copy me on the email when you send it to Mr. Brown.

Thanks

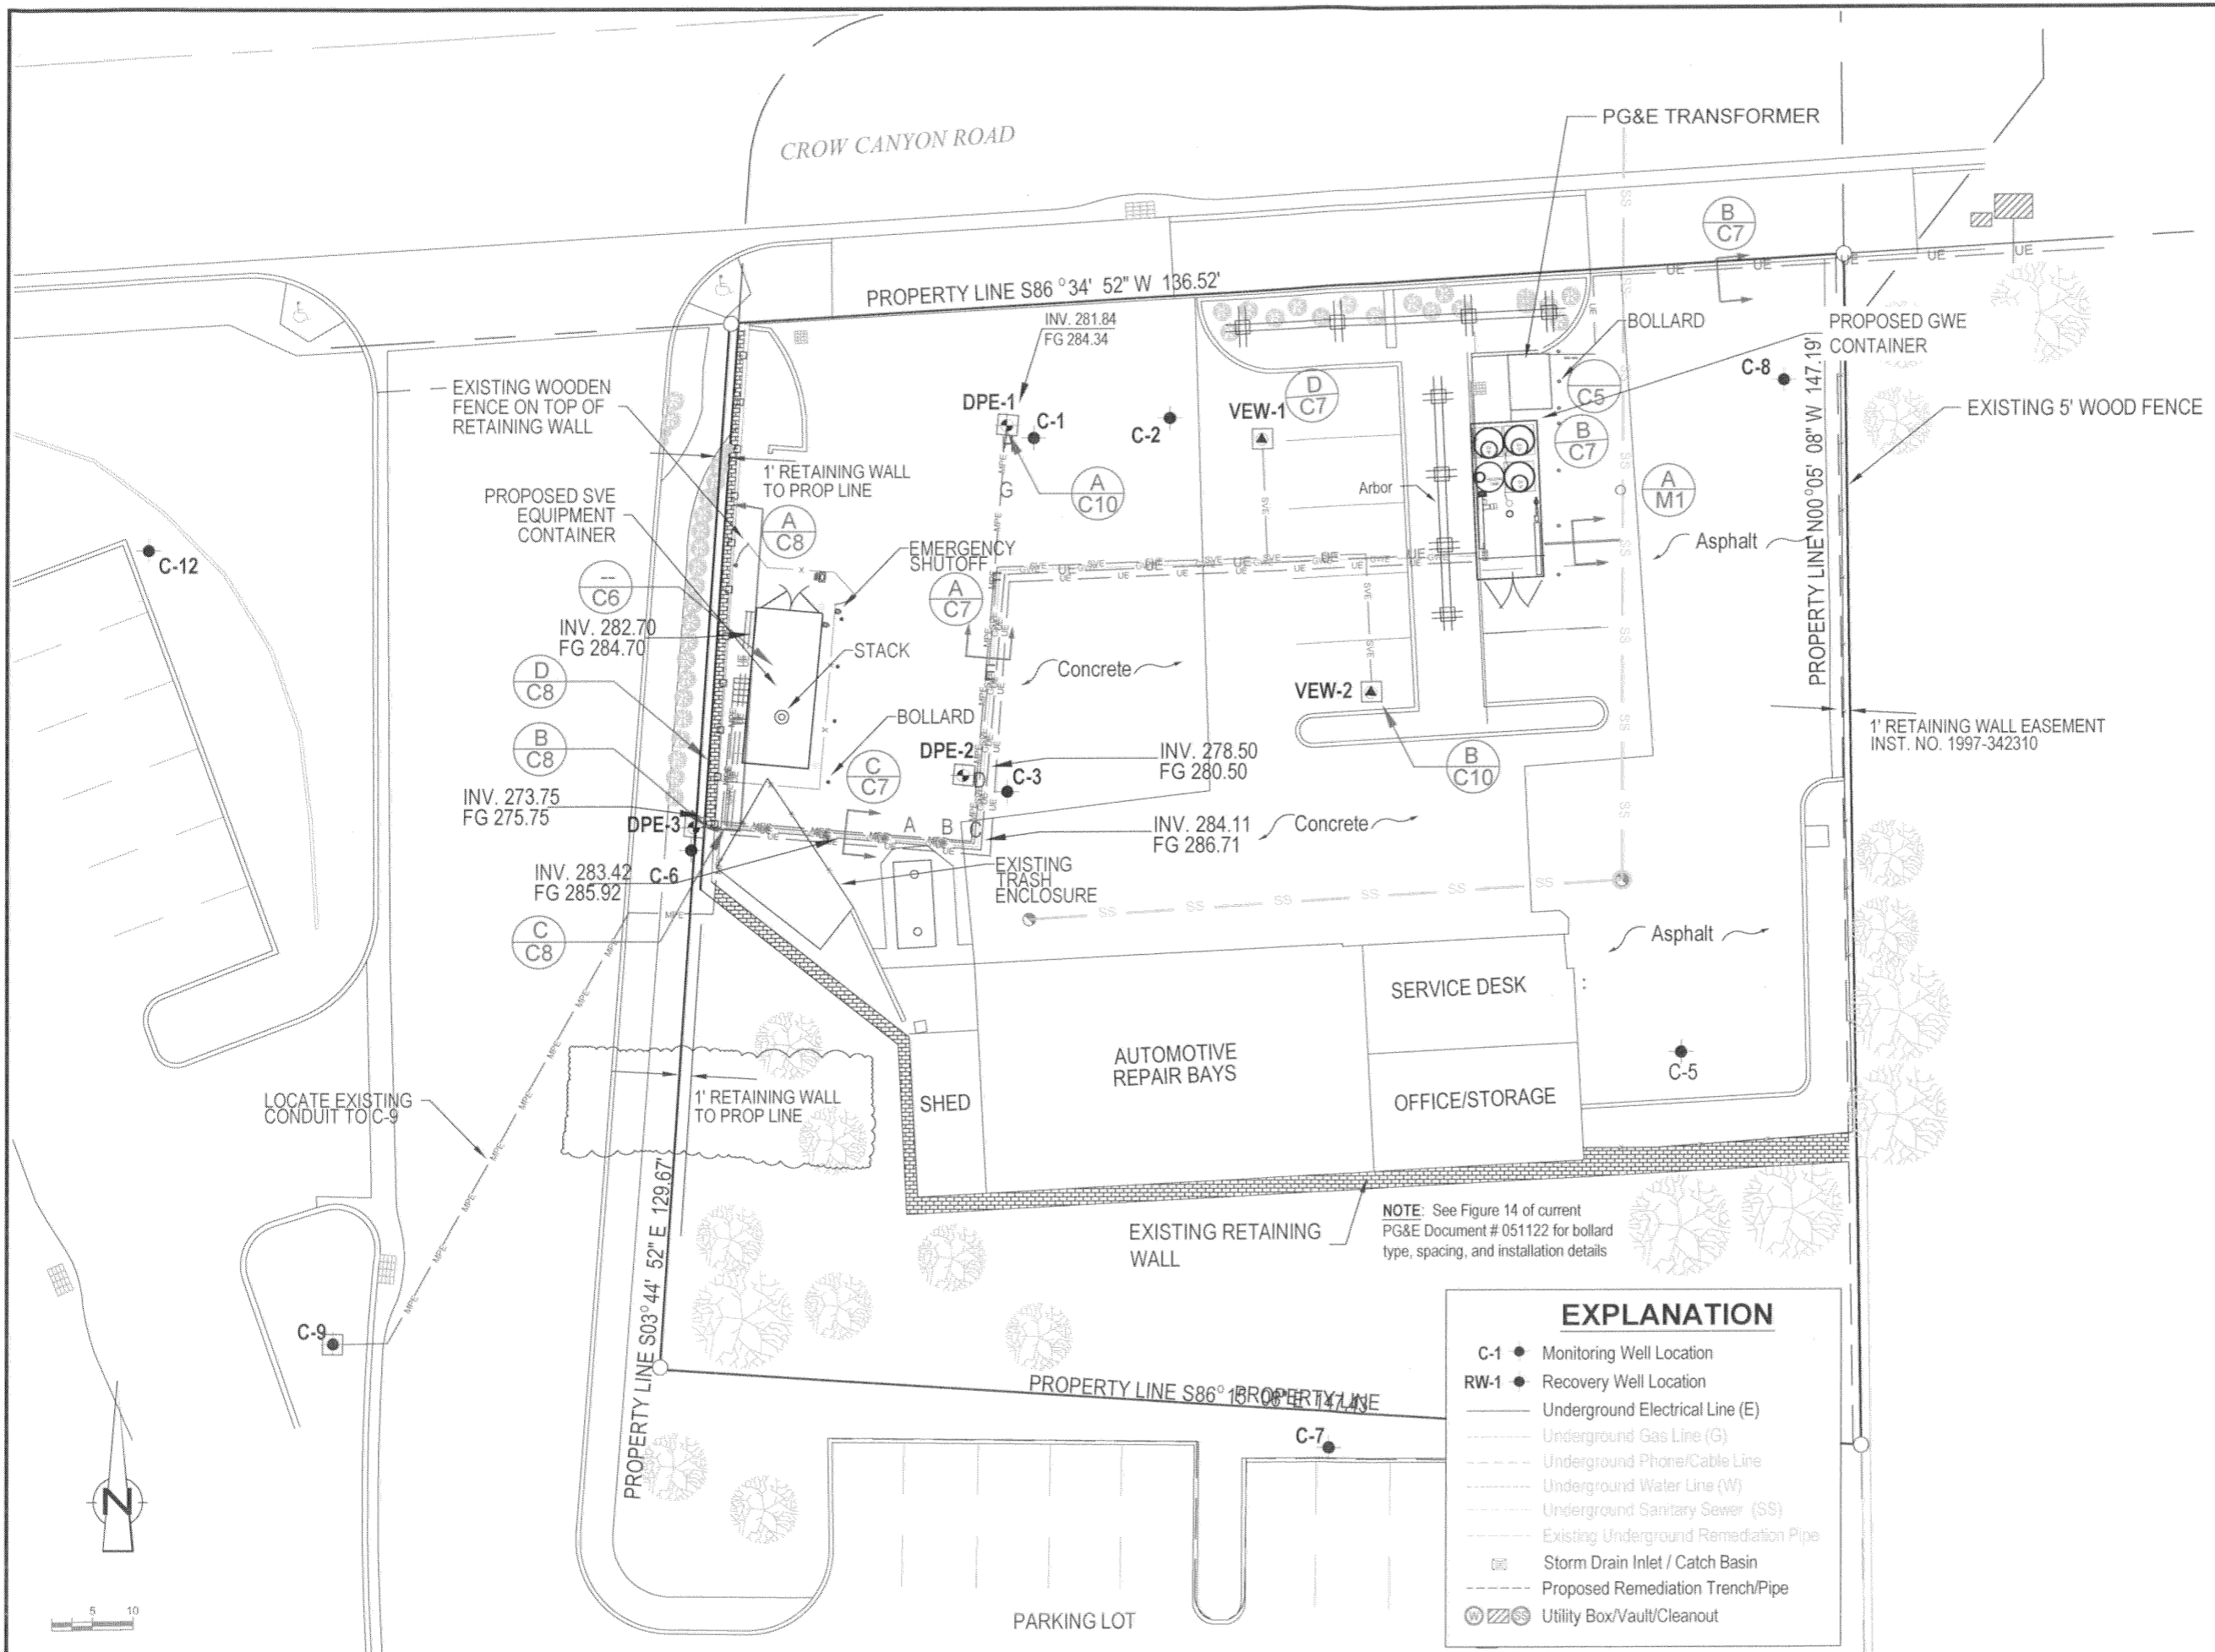

**Judy A. Gilbert**  
**Sr. Project Manager**
