Kiersten,

Thanks for the summary; that's what our discussion arrived at. I'll update Geotracker to reflect the dates for the second item shortly. Hopefully there will be more progress to report for item 1 by July 20<sup>th</sup>!?

Hi Mark,

Per our conversation today

1. The "Request for Implementation of Interim Remedial Action" will be submitted as a letter by July 20, 2012 and will include the steps taken to date to select a final compound location that is both feasible and agreeable to the property owner, future anticipated work, and anticipated compound installation date.
2. The requested Work Plan, Preferential Pathway Study, and Site Conceptual Model will be submitted as one report (instead of two) on August 31, 2012.

Please confirm.

Thank you,  
Kiersten
