Karel,

We are requesting a one week extension of the report submittal. Penske's offices are closed due to extreme weather conditions and we have not been able to obtain a final review and approval.

We are requesting a revised submittal date of March 20, 2015.

Thank you for your consideration.

Eva

Hi Eva:

Thank you for the notice – it is hard to believe 1/15/15 is here already!

Hello Eva:

Thank you for the update regarding the most favorable sampling period within 2 hours of low tide.
The new report due date is provided below:

Hi Karel,

We have completed the site survey and submitted our application for the Alameda County Well Permit. Based on our review of the tidal charts it appears that our most favorable day for advancing the borings, and potentially collecting water samples within the 2 hour low tide window specified in your 12/5/14 email, is January 15, 2014.

We are requesting a 45-day extension to the January 23, 2015 report deadline to accommodate the planned 1/15/14 drill date and allow for review of data and report preparation.

The requested report submittal date with extension is March 9, 2015.

Thank you for consideration of our request.
Eva

Hello Chris:

Alameda County Environmental Health (ACEH) staff has reviewed the case file, including the November 20, 2014 *Data Gap Investigation Work Plan* (Work Plan) prepared on your behalf by Stantec Consulting Services, Inc. (Stantec). Thank you for submitting the Work Plan. Based on ACEH staff review of the work plan, the proposed scope of work is approved for implementation. We request that you perform the proposed work, and send us the report described below. Please provide 72-hour advance written notification to this office (e-mail preferred to: karel.detterman@acgov.org) prior to the start of field activities.

TECHNICAL REPORT REQUEST

Please upload the technical report to the ACEH ftp site (Attention: Karel Detterman), and to the State Water Resources Control Board's Geotracker website, in accordance with the following specified file naming convention and schedule:

- **January 23, 2015** – Soil and Groundwater Investigation Report
File to be named: RO354_SWI_R_yyyy-mm-dd

This report is being requested pursuant to California Health and Safety Code Section 25296.10. 23 CCR Sections 2652 through 2654, and 2721 through 2728 outline the responsibilities of a responsible party in response to an unauthorized release from a petroleum UST system, and require your compliance with this request.

Thank you for your cooperation. Should you have any questions or concerns regarding this correspondence or your case, please send me an e-mail message at karel.detterman@acgov.org or call me at (510) 567-6708.

Karel Detterman, PG
