Subject: Future Remedial Testing at Former Beacon 12574, Castro Valley ACHSA Case #RO0000355

Mr. Wickham,

At the request of Ultramar Inc., Horizon Enviromental Inc. (Horizon) is looking into possibly performing some high-vacuum dual-phase extraction (HVDPE) remedial testing at this site. Ultramar would like to perform this remedial testing to advance this site towards Closure status. Please feel free to call or e-mail me with any questions or concerns you have.

Sincerely,

Ken Mateik
