**Subject:** RE: Status of Draft CAP for Case No. RO0000355, Former Beacon No. 12574, 22315 Redwood Road, Castro Valley

Mr. Wickham, I want to update you on the submittal schedule for the Draft CAP and SCM Report for this Site. The Ultramar/Valero management for this project has been transferred from San Antonio, TX to the Denver, CO office. The client review on this project is ongoing, and the Draft CAP report will be submitted probably in February 2012, as we are working on remedial alternatives for the Site.

Sincerely,

Ken Mateik

Mr. Mateik,

Based on your request, the schedule for submittal of a Draft CAP and SCM for the above referenced case is extended to December 23, 2011.

Regards,  
Jerry Wickham  
Alameda County Environmental Health

Mr. Wickham, I just wanted to let you know that we have incurred some delays related to the submittal of the Draft CAP and SCM Report related to changes in the Ultramar management of this project. The Ultramar management for this project is being transferred from San Antonio, TX to the Denver, CO office beginning in a few weeks. The internal client manager review and comments on the project and draft report have been delayed as a result of the management transition. We are hoping to

finalize and submit the report by mid December before the holidays.

Sincerely,

Ken Mateik
