Subject: RE: Extension Request for Summary Report for Castro Valley, CA site - Fuel Leak Case # RO0000355 (T0600100155)
Importance: High

Mr. Wickham, Horizon has recently received the analytical results for the field work that occurred at Former Beacon No. 12574 (Fuel Leak Case # RO0000355) during December 2009. As such, we will need to a request that an extension for the submittal of the Soil and Groundwater Assessment and Soil Gas Survey Report be granted from January 11, 2010 until January 30, 2010 so that we will be able to effectively prepare the report presenting the field procedures, results, evaluations, conclusions and recommendations of the work. The report is currently undergoing technical review and drafting of figures.

Thank you.

Ken Mateik
