Dear Mr. Ralston and Mr. Yost,

Alameda County Environmental Health (ACEH) staff has reviewed the case file including the recently submitted document entitled *Corrective Action Plan* (CAP) dated October 22, 2015. The CAP was prepared by Antea Group (Antea) at the request of ACEH, which requested preparation of a Feasibility Study/Corrective Action Plan (FS/CAP) in its letter dated August 19, 2015. Based on ACEH's review of the referenced document and our case file, ACEH requests a meeting to discuss work performed to date and develop a strategy to move the case toward closure.

Therefore, please coordinate your schedules and provide ACEH several dates and times during which a meeting can be scheduled for mid- to late January. ACEH staff will select dates and times from your list to arrange the meeting. Please provide the list of available dates and times by **January 4, 2016**.

ACEH is in the process of preparing a bullet list of discussion topics for the meeting and will distribute it by the end of this week.

Thank you for your cooperation. Should you have any questions regarding this correspondence or your case, please call me at (510) 567-6764 or send an electronic mail message at keith.nowell@acgov.org.

Regards,
Keith Nowell
