Dear Mr. Ralston,

Alameda County Environmental Health (ACEH) understands Platinum Energy was the station operator at the subject fuel leak case, and they lost their lease. Current plans are to demolish the station and remove the fuel dispensing system from the site. ACEH is seeking clarification of who will be the primary responsible party for the post-station remedial actions and what persons should be kept in the loop as post-station activities proceed.

Regards,  
Keith Nowell
