MAR 25

Mr. Scott Seery
Alameda County Health Care Services Agency
1131 Harbor Bay Parkway, Suite 250
Alameda, California 94502

Subject: Notification of Off-site Activities at Former Exxon Service Station 7-0235,
2225 Telegraph Avenue, Oakland, California.

Mr. Seery:

At the request of ExxonMobil Refining and Supply (formerly Exxon Company, U.S.A.) (ExxonMobil), Environmental Resolutions, Inc. (ERI) is notifying you of the upcoming field work related to the performance of a soil and groundwater investigation at the subject site. The work is scheduled to begin on April 6, 2001. The purpose of the investigation is to evaluate groundwater conditions downgradient of the site.

Work will include drilling and installing one off-site monitoring well (MW6J) on Telegraph Avenue. The work will take approximately one day. Two drums of rinsate water and two drums of soil will be temporarily stored on site pending disposal. The work will be performed in accordance with ERI's *Work Plan for Soil and Groundwater Investigation dated January 4, 2000*. The proposed well installation location is shown on the attached Generalized Site Plan (Plate 1).

Please call Mr. Scott D. Thompson at (415) 382-5987 with any questions regarding this project.

Sincerely,
Environmental Resolutions, Inc.

Lyz A. Cullmann
Staff Geologist
