Subject: Fuel Leak Case No. RO0000359 and GeoTracker Global ID T0600100431, Dave's Station, 2250 Telegraph Ave., Oakland, CA 94612

Dear Ms. Robison:

Alameda County Environmental Health (ACEH) has reviewed the recently submitted document entitled *Work Plan for Site Closure* (WP) dated May, 2014 prepared Applied Water Resources Corporation (AWRC) on your behalf. ACEH generally concurs that the scope of work outlined in the WP is warranted; however, ACEH would like to discuss the case with you and your consultant prior to authorization of field activities.

ACEH would like to set up a meeting with you at our office in July or early August to discuss a review of the site's status in comparison with the LTCP and to develop a path to closure for your case.

Please provide ACEH several dates and times during which a meeting can be scheduled to discuss the path to closure for these cases. ACEH staff will select dates and times from your list to arrange the meeting. Please provide the list of available dates and times by **July 18, 2014**.

Thank you for your cooperation. Should you have any questions regarding this correspondence or your case, please call me at (510) 567-6764 or send an electronic mail message at keith.nowell@acgov.org.

Sincerely,

Keith Nowell, PG, CHG.
