End: Wed 11/2/2011 2:53 PM
Duration: 0 hours

Phone call with Aaron O'Brien of Tamalpais Environmental Consultants. On behalf of property owner, they will be submitting comments on the CAP submitted by Shell. Property may be used for something other than service station in future; therefore, he questions assumptions in CAP re future land use and commercial ESLs as cleanup goals. Does not agree that remediation would not be successful since hundreds of pounds of hydrocarbons were removed in several day test. I indicated that I would be reviewing the CAP around the end of November.
