Good Afternoon

The attached Review Summary Report (RSR) has been sent to you, the caseworker, and the caseworker's supervisor (as listed on GeoTracker), for review and comment. As described in past Roundtable Discussions, once you've had a chance to review the RSR and you have comments please schedule a conference call within the next two weeks. Send Bob Trommer an email with three dates and times that a 20 - 30 minute teleconference can be held. In order to focus our discussion we request a list of your primary concerns two days prior to the call. If we have not received a request by (10/1/14) to discuss the case, we will finalize the RSR, upload the RSR to GeoTracker and proceed with closure.

Due to scheduling conflicts no call will be made between October 10 through 31, 2014

In an effort to go paperless the State Board will not send hard copies of the RSR. The conference room phone number is 916-319-9441
