Peter,

The due date in my November 19, 2008 letter carried over an old date and was incorrect. The due date for the pilot test report was revised in our database and tracking sheets to February 6, 2009.

Jerry,

Your November 19, 2008 letter to Shell restates a December 12, 2008 due date for the pilot test report. Based on the communication below, I am expecting to submit the report by February 6, 2008.

Regards,

Peter Schaefer

Jerry,

Per our conversation this morning, I am requesting an extension of the December 12, 2008 pilot test report deadline to February 6, 2008. The pilot test was originally scheduled to be conducted September 18 through 26, 2008, but was postponed when it was discovered that new piezometer P-4A had a broken casing.

The piezometer was reinstalled September 26, 2008, and the pilot test has been rescheduled for November 5 through 14, 2008.
