Peter,

You may include the recommendation to suspend groundwater monitoring. If there are any issues that come up during closure review that would affect that recommendation, I can respond at that time.

Jerry,

Per our March 28, 2012 meeting, I plan to include a recommendation for case closure and a request to suspend groundwater monitoring during closure review in our first quarter 2012 groundwater monitoring report due April 8, 2012. Is suspending groundwater monitoring during closure review acceptable?

Regards,

**Peter Schaefer, CEG, CHG**
