Subject: RE: RO0372-15275 Washington Ave., San Leandro- request for sampling frequency reduction~COR-240933~

Peter,

Alameda County Environmental Health has no objection to the proposed changes in groundwater monitoring.

Regards,
Jerry Wickham

Subject: RO0372-15275 Washington Ave., San Leandro- request for sampling frequency reduction~COR-240933~

Jerry,

On behalf of Shell Oil Products US, I am requesting a reduction in the sampling frequency at the subject site from semiannual to annual and suspension of groundwater analyses for wells S-1, S-5, S-10, S-13, and S-16 through S-19.

The proposed monitoring program will consist of gauging and sampling wells S-3, S-7, S-8, and S-9 and gauging wells S-1, S-5, S-10, S-13, and S-16 through S-19 annually during the first quarter of the year. Groundwater sample analyses will be unchanged (total petroleum hydrocarbons as gasoline, benzene, toluene, ethylbenzene, and total xylenes by EPA method 8260B).

Thank you. Regards,

Peter Schaefer, CEG, CHG
