Re: Cal Gas Station
Former Chevron Station 21-1285
15595 Washington Avenue
San Lorenzo, California
Fuel Leak Case No. RO374

Dear Mr. Plunkett:

Conestoga-Rovers & Associates (CRA) is submitting this letter on behalf of Chevron Environmental Management Company (Chevron) for the site referenced above. We have received the February 8, 2009 letter from Alameda County Environmental Health (ACEH) requesting a Revised Site Conceptual Model with Utility Survey and Work Plan for offsite investigation and a Feasibility Study. The ACEH letter was in response to a August 21, 2007 *Site Conceptual Model and Corrective Action Plan* and July 26, 2007 *Offsite Drilling and Second Quarter 2007 Groundwater Monitoring and Sampling Report* submitted on behalf of the current property owner (the Primary Responsible Party). We appreciate the fact that this project is moving forward and look forward to helping as needed.

As discussed in a telephone call on May 26, 2005 between Scott MacLeod (CRA) and Barney Chan (ACEH), Chevron is a Secondary Responsible Party at this site. ACEH expects the Primary Responsible Party (the current property owner) to take the lead role investigating and remediating this site. The above also established that Chevron will not be issued a Notice of Violation without prior notice from ACEH if the Primary Responsible Party fails to meet regulatory requirements. Please notify us if these positions have changed.

Because of these discussions, CRA does not see a role for Chevron in subsequent site investigation. Please notify us if this is not in alignment with your expectations.

We appreciate your assistance with this project. Please contact Charlotte Evans of CRA at (510) 420-3351 or Ian Robb of Chevron at (925) 543-2375 if you have any questions or comments.

Sincerely,

CONESTOGA-ROVERS & ASSOCIATES

Charlotte Evans
