California Environmental Protection Agency

You stated that the plot plan and piping drawings by Diablo Petroleum referenced in your note to the file dated January 28, 1997, were never in your records. It is your understanding that Diablo Petroleum has been out of business for a number of years and that such drawings, if they existed, are no longer available.

You were unable to find the fourth page of the fax from Mary Swanson dated March 31, 1995, referenced in correspondence dated September 6, 1995. You supposed that it might not exist. If you discover this fourth page, please send it. The first three pages are in the record that you transmitted to us.

Thank you very much for your assistance in this matter. Please feel free to call me at (916) 227-4435 or email me at harta@exec.swrcb.ca.gov.

Sincerely,

Anne M. Hartridge
