2-2-2000 spoke to Jeanette, sister of David Lee concerning submitting a workplan. She is low on funding. I informed her to contact the State Board or apply for an SBA loan.

3-1-2000 Jeanette @ 650-991-9506 said she contacted the State Board, and they want three bids from ~~the~~ consultant and contractors. She is not happy with TEC Accutite. They are ^{Walter Cincalic Off} pressuring her to sign a contract with them.

Went to site - the building is torn down. The lot is vacant. The ~~closest~~ nearest site to use to determine G.W. flow is 1541 Park St., Ala. It appears the two borings advanced in the building near the UBT's are in the Georgetown section. Spoke to Jeannette Onge and recommended she hire a consultant to put in a report for closure report.
