Subject: RE: Release forms

Hi Paresh,

I just wanted to check on the status of your returning these release forms to me. I know the environmental work you are doing at this point is only on overtime, so I understand if things are moving slower than they normally would, but we're hoping to get moving on this work.

Thanks,
Chris

Subject: Release forms

Hi Paresh,

In order to perform the preferential pathway study you requested at 2855 Mandela Parkway, Oakland, we are trying to obtain well completion reports from the State and Alameda County Public Works. For these well completion reports to be released to us, the agencies require a signature from our regulator. With that in mind, I'm hoping you can sign the attached state and county forms and return them to me at your convenience. Should you have any questions about this request, feel free to contact me.

Thanks,
Chris

**WELL COMPLETION REPORT RELEASE REQUEST AND CONFIDENTIALITY AGREEMENT
REGULATORY-RELATED ENVIRONMENTAL CLEANUP STUDY**

Well Completion Reports associated with wells located within two miles of an area affected or potentially affected by a known unauthorized release of a contaminant will be made available upon request to any person performing an environmental cleanup study associated with the unauthorized release, if the study is conducted pursuant to a regulatory agency order (Water Code Section 13752).

Requests must be made on the form below, signed and submitted to the appropriate DWR District Office. Please provide the township, range, and section of the property where the study is to be conducted. Attach a map or a sketch with a north arrow, and provide as much identifying information requested below as possible; additional paper may be attached if necessary.

By signing below, the requester acknowledges and agrees that, in compliance with Section 13752, the information obtained from these reports will be kept confidential and will not be disseminated, published, or made available for inspection by the public. Copies obtained must be stamped **CONFIDENTIAL** and kept in a restricted file accessible only to authorized personnel. These reports must not be used for any purpose other than for the purpose of conducting the environmental cleanup study.
