Duration: 0 hours

Phone call w/Erik Appel of ETIC. Calls about work that was recommended in their SWI report. They recommended installing an off-site well at the Wendy's. I had reviewed the site and identified that they should include contours on their MRs and I asked if they had submitted an SRS. They have not yet submitted one. I will formalize this in a letter to them.

I then asked about having a meeting with Exxon Mobil and he recommended contacting Gene Ortega at gene.n.ortega@exxonmobil.com since Jennifer is currently on maternity leave.
