Mr. Aaron T. Wong
Valero Service Station
2200 East 12th Street
Oakland, California 94606

Subject: Notification of On-site Activities at Former Exxon Service Station 7-0238,
2200 East 12th Street, Oakland, California.

Mr. Wong:

At the request of ExxonMobil Refining and Supply (formerly known as Exxon Company, U.S.A.) (ExxonMobil), Environmental Resolutions, Inc. (ERI) is notifying you of the upcoming field work related to the drilling and installation of two vapor point wells (VP1 and VP2) at the subject site. The work is tentatively scheduled for January 11, 2001.

The work will require that a drilling rig and two vehicles be on site during field activities. The locations of the proposed wells are shown on the attached Generalized Site Plan. Soil generated during these activities will be temporarily stored on site pending disposal coordination.

ERI will make every attempt to minimize any disruptions to the station business.

Please call Mr. Thomas D. Culig at (415) 382-4325 with any questions regarding this project.

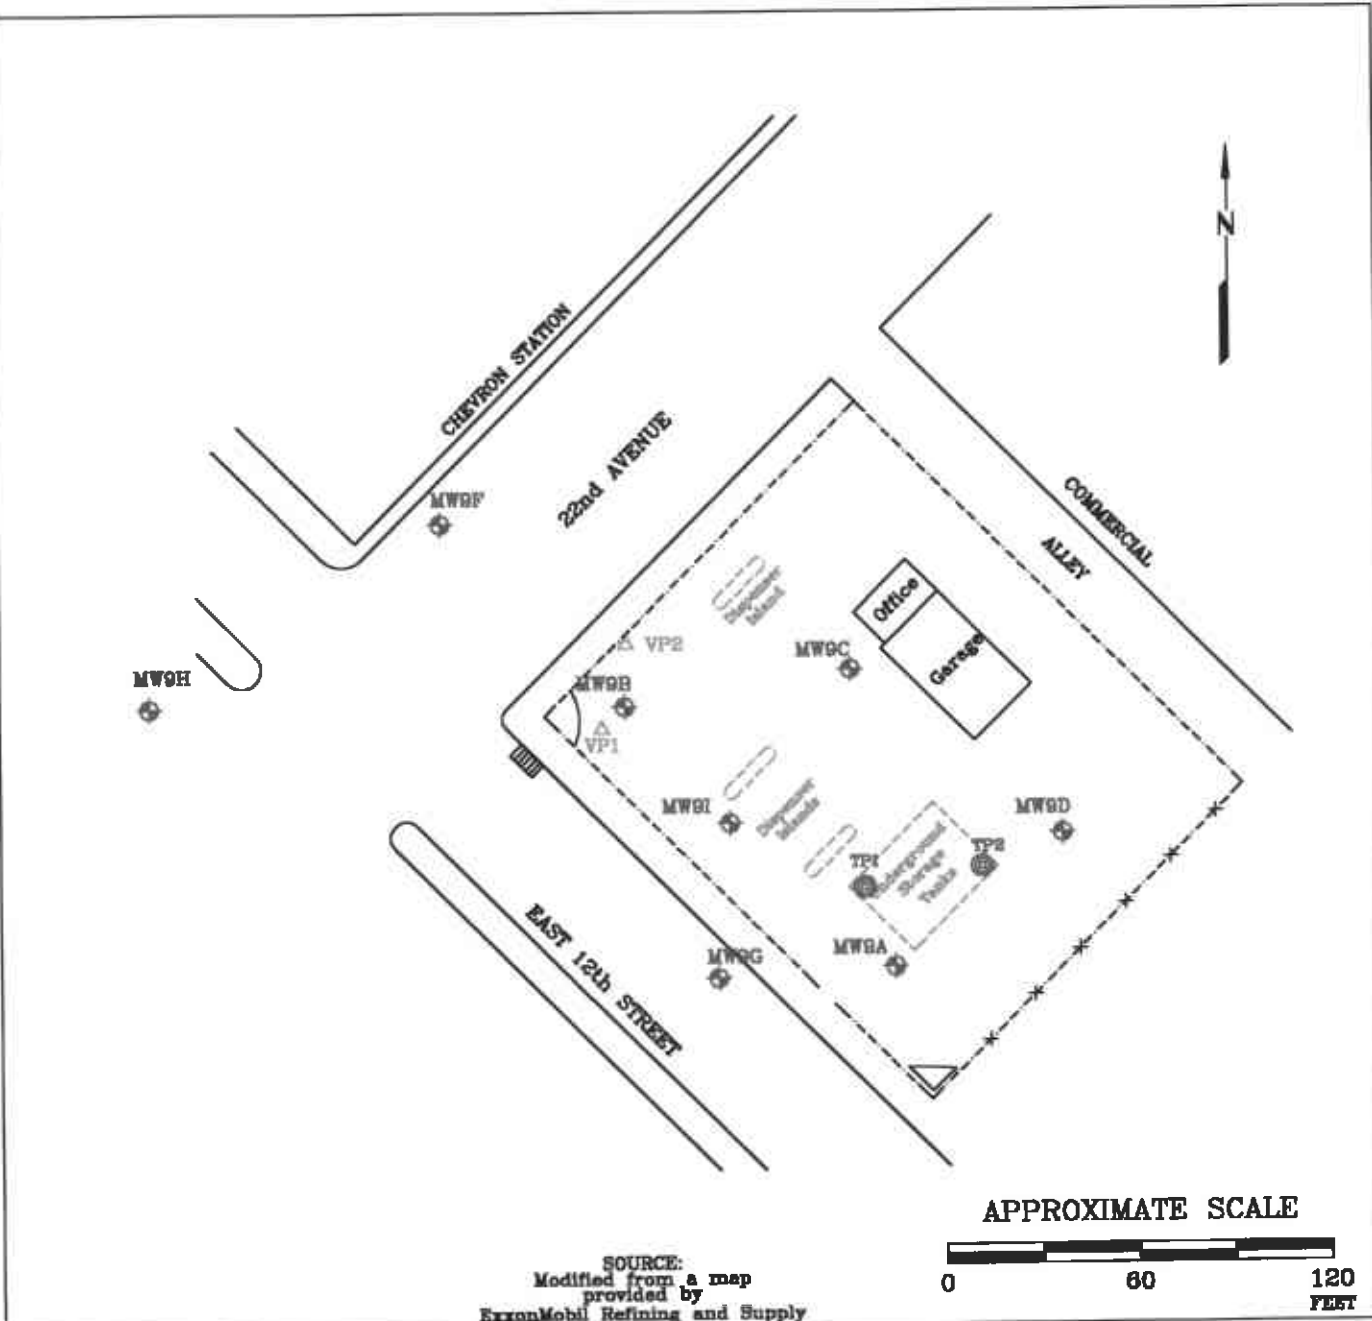

Sincerely,
Environmental Resolutions, Inc.

Thomas D. Culig
Staff Geologist

John B. Bobbitt
R.G. 4313

Attachment: Generalized Site Plan
