**SUBJECT Notification of Upcoming Well Destruction Activities**  
Former Exxon Service Station 7-0238  
2200 E. 12<sup>th</sup> Street, Oakland, California 94606

Mr. Wong:

At the request of ExxonMobil Environmental Services (EMES), on behalf of Exxon Mobil Corporation, Cardno ERI is notifying you of upcoming well destruction activities at the subject site. As part of the ongoing environmental investigation at the subject site, 11 on-site wells are being destroyed by over-drilling and pressure grouting. The work is being performed at the direction of Alameda County, Environmental Health Services (the County).

From May 22 through May 25, 2012, Cardno ERI will be working in the vicinity of the subject site. A generalized site map with well locations is attached.

Specific field activities related to the work include:

- Subsurface clearance prior to over-drilling.
- Pressure grouting.
- Over-drilling with auger rig.
- Repaving surface.

Soil cuttings and rinsate water generated during field activities will be placed in 55-gallon drums and stored at the subject site pending characterization and disposal.

The proposed schedule of activities is outlined below. Cardno ERI encourages you or a representative to attend the Project Orientation Meeting, scheduled for Tuesday, May 15, 2011 at 9:00 A.M., to discuss the work scope and associated logistical and safety issues.

The anticipated schedule of activities is as follows:  
Project Orientation Meeting: May 15, 2011 at 9:00 A.M.  
Well Destruction Activities: May 22, 2012 at 9:00 A.M.

May 1, 2012

Cardno ERI 229314.L54 Former Exxon Service Station 70234, Oakland, California

Cardno ERI appreciates your cooperation in ensuring that field work occurs safely and efficiently.

Please contact Mr. Vincent Battaglia, Cardno ERI's project manager for this site, at [vincent.battaglia@cardno.com](mailto:vincent.battaglia@cardno.com) or at (707) 766-2000 with any questions regarding the work.

Sincerely,
