RO397 - 1112 29th Ave, Caltrans

She saw WP ACEH rejected, & new WP not approved. Told her Caltrans site appear to have been inactive for awhile. Letters for some caltrans sites (this one?) indicate Caltrans stopped work on projects due to state budget deficit. We have made contact with Caltrans. A new PM there that is not yet aware of detatils of all his sites at ACEH, site still open & active.

RO390 - 2200 E 12th st, Exxon Mobil

Is in remediation, still open & active, does not appear CW has issued a letter.

Caltrans site is within footprint of Fruitvale project, Exxon is in vicinity. She is writing report for City re: leak sites in vicinity &/or on project.
