Subject: Site Status Update for ARCO Station 2185, 9800 East 14th street, Oakland, California.

Dear Mr. Chan:

This letter provides an update on investigation and remedial activities conducted for the above-referenced site. This update covers site activities performed during March and April 1992, and site activities anticipated for the month of May 1992.

March and April 1992 Activities

- Site was under construction during the months of March and April for replacement of underground gasoline storage tanks. Anticipated conclusion of these construction activities is late April to early May 1992.

Work Anticipated for May 1992

- ARCO's consultant, Roux Associates, of Concord, California, will issue a draft report to ARCO related to soil sampling during tank replacement activities.
- Upon Alameda County approval of the Site Investigation Work Plan (Roux Associates, December 18, 1991), RESNA Industries of San Jose, California will submit a proposal to ARCO to perform the work in the Work Plan.
