11/8/99

Spoke w/ J. Duenig of DA's office & gave her an update on the site; Mr. Thorne was considering donating property to a group of individuals who would convert site into a training center for carpenters. Jill said that based on what Mr. Thorne had stated in a pass letter, he might not even own the property. The Aldrich's might own the property. She said she'd do some research to see who the current property owner is.
