**Subject:** Fuel Leak Case No. RO0000401 and Geotracker ID T0600100049,

**Importance:** High

Donna and Paresh,

GSA has contracted with PSI to address the issues set forth in your June 19, 2008 letter. The purchase order just went through late last week, which puts us behind schedule for meeting the August 18, 2008 deadline for submitting a Revised SCM and Data Gap Work Plan. Please consider a 45-day extension.

PSI is scheduled to review GSA's AlcoPark files next Tuesday. After that, we hope to meet with you to clarify the issues and to discuss our approach. I'll have PSI contact you to schedule the meeting.

Thank you,

Rod Freitag - Environmental Program Manager
