**Subject:** FW: AlcoPark - GeoTracker Upload Compliance

Paresh -

Regarding the "Technical Report Request" in the July 10, 2009 letter from the ACEH;

### Due August 25, 2009 - GeoTracker Upload Compliance

I've checked the GeoTracker website yesterday and it looks like all monitoring reports (GEO\_REPORT) from the year 2000 to present and their associated lab data files (EDF) and groundwater elevation files (GEO\_WELL) have been uploaded. I noted that 4 of the EDF that we uploaded for 2000-01 were somehow assigned incorrect years and requested that the info be corrected (see e-mail to GeoTracker helpdesk forwarded below). In addition, I uploaded the SCM Data Gap Workplan and the boring log files (GEO\_BORE) for all 5 monitoring points.

The only thing we don't have uploaded to GeoTracker is the survey data (GEO\_XY and GEO\_Z) because a survey has not been done yet (ACEH is aware of this - a survey is proposed in the Workplan). As such, the site appears to be in full compliance with the GeoTracker upload requirements.

### Due September 8, 2009 - Workplan Addendum

We should have an addendum to the Workplan to you no later than September 8th.

### Due 30 Days after Sampling - Semi Annual Monitoring Reports

The next monitoring event is scheduled for September, 2009.

Let me know if you have any questions. Thanks!

**Subject:** AlcoPark (T0600100049) - Incorrect Info on EDF Submittals

Helpdesk -

I noted that the years listed for 4 of our EDF uploads for the subject site are incorrect - listed as 2007 when they should be 2000 or 2001. I can't figure out a way to correct the information. I have attached a jpeg of the upload page with the 4 incorrect listings outlined in red. The years listed under "Title" heading (2000-01) are correct, while the years under the "Quarter" heading (2007) are not.

If possible, please correct this, or tell me how to correct it. Call me if you have any questions. Thanks!
