Subject: RE: Report Extension Request -8930 Bancroft, Oakland - Case #RO0000404

Dennis,

Based upon your request, the schedule for report submittal for the above referenced site is extended to August 15, 2008.

Regards,

Jerry Wickham

Subject: Report Extension Request -8930 Bancroft, Oakland - Case #RO0000404

Importance: High

Mr. Wickham –

In follow-up to my phone message of last week, and of today, re: the above referenced site, please find attached a letter we mailed to you last Friday regarding a request for an extension for the report of findings for field work associated with implementing CRA's July 25, 2008 *Agency Response and Site Investigation Work Plan*. This work was approved in your letter dated February 7, 2008, which requested that the report be submitted by June 6, 2008.

Delays in getting this work implemented were experienced due to having had to reschedule this work a few times due to turnover and loss of CRA field staff, and working with scheduling constraints in available dates with the well drillers available by Shell to work with.

Due to the above delays and constraints, the most recent earliest date available between CRA field staff and the well driller was June 5, 2008 and the work has been scheduled for that day. We will now obviously need additional time to receive the lab data and prepare the report. We are requesting your consideration for approval to extend the date the report is due to no later than **August 15, 2008**.

Please let me know if this is acceptable to you, or if you have any other questions.

Thanks

Dennis Baertschi
