Attention: Mr. Mark Detterman
Alameda County Environmental Health
1131 Harbor Bay Parkway, Suite 250, Alameda, CA 94502

Reference: Request for Extension of Second Semi-Annual 2017 Groundwater Monitoring Report
Former Chevron-branded Service Station 91723
9757 San Leandro Street, Oakland, California

Dear Mr. Detterman,

On behalf of Chevron Environmental Management Company (Chevron), Stantec Consulting Services Inc. (Stantec) respectfully requests an extension to submit the Second Semi-Annual 2017 Groundwater Monitoring Report for former Chevron-branded service station 91723, which was located at 9757 San Leandro Street, Oakland, Alameda County, California (the Site). In a letter dated June 13, 2017, Alameda County Environmental Health (ACEH) requested the Second 2017 Semi-Annual Groundwater Monitoring Report be submitted on October 27, 2017.

The Second Semi-Annual 2017 groundwater monitoring event was conducted late in Third Quarter on September 18, 2017, and laboratory data has not been received. Therefore, Stantec requests a brief extension to submit the groundwater monitoring report to ACEH by November 17, 2017, to allow sufficient time to receive the laboratory data and prepare the report.

Regards,

Stantec Consulting Services Inc.
