**Subject:** LTPC Review and Work Plan Addendum Approval (Fuel Leak Case No. RO0000427, Chevron 90076; 4265 Foothill Blvd, Oakland) - Extension Request

Mark,

Conestoga-Rovers and Associates (CRA) on behalf of Chevron Environmental Management Company (EMC) would like to request an extension for the *Data Gap Work Plan Addendum* which was requested by Alameda County Environmental Health (ACEH) in their letter dated November 21, 2013. The reason for this extension request is, ACEH's letter was received during the period in which this site was being transferred from EMC project manager Catalina Espino Devine to EMC project manager Brian Waite. This letter also arrived right before the holiday season in which people take time off. Due to these reasons, more time is requested in order to evaluate the items outlined in ACEH's November 21, 2013 letter. Therefore, an extension of **February 28, 2013** for the submittal of the *Data Gap Work Plan Addendum* is requested.

Thanks,

**Nathan Lee, P.G.**
