Subject: RE: Chevron 90076 - 4265 Foothill Boulevard, Oakland - Extension Request

Nate,
Thanks for the update on the site investigation. ACEH is in agreement that an extension until January 16, 2014 is appropriate for the site. I will update Geotracker shortly.

Subject: RE: Chevron 90076 - 4265 Foothill Boulevard, Oakland - Extension Request

Mark,

Conestoga-Rovers and Associates (CRA) on behalf of Chevron Environmental Management Company (EMC) would like to request an extension for the *Site Investigation Report and Updated Site Conceptual Model* requested by Alameda County Environmental Health's (ACEH) letter dated July 9, 2014. The reason for the extension is, we have not yet to received an encroachment permit for the installation of the offsite wells from the City of Oakland. We started the permitting process in July and based on our most resent correspondence with the City of Oakland, as shown below, it will take at least another 3 – 4 weeks for the City to even review the permit. Therefore an extension of **January 16, 2014** for the *Site Investigation Report and Updated Site Conceptual Model* is requested. As discussed, this extension date is dependent on when the City issues an encroachment permit.

Thanks,

Nathan Lee, P.G.

Mark,

I thought I would update you on the encroachment permit for the offsite monitoring wells. Below is the response that we received from the City of Oakland in regards to the encroachment permit. We submitted the permit package back in July and still do not have a definite date as to when the permit will be completed. I will keep you updated as to when the permit is received.

Thanks,

Nathan Lee, P.G.

ENMI14097	4265 FOOTHILL BLVD	ALLOW (2) MONITORING WELLS LOCATED AT S/W OF BOND & HIGH ST & ONE ON S/E OF BOND & HIGH ST.
-----------	--------------------	---

It's still on my to-do list...given my current case load it likely will be several weeks before I'm able to devote time to the project.
