Subject: Chevron 90076 - 4265 Foothill Boulevard, Oakland - Extension Request

Mark,

Conestoga-Rovers and Associates (CRA) on behalf of Chevron Environmental Management Company (EMC), would like to request an extension for the *Site Investigation Report and Updated Site Conceptual Model* requested by Alameda County Environmental Health's (ACEH) in their letter dated July 9, 2014. This extension is requested due to the groundwater sampling event schedule. This site's groundwater is sampled in conjunction with the adjacent property, 4280 Foothill Boulevard, as part of the two site's cooperative monitoring. The groundwater analytical data for the newly installed monitoring well will not be available in time to incorporate into the Site Conceptual Model, based on the cooperative groundwater sampling date. As the Site Conceptual Model will be more complete with the groundwater data included, an extension of **April 17, 2015** for the *Site Investigation Report and Updated Site Conceptual Model* is requested.

Thanks,

Nathan Lee, P.G.
