George,

Your proposal appears reasonable. Please provide an updated notification with the new excavation start date of October 12, 2009 to the residents of the four contiguous properties to the site.

Regards,

Jerry,

I spoke with the contractor, he wanted to go by October 12, weather permitting. I was called by one of the neighbors on 9-14-09. 30 days including that date is 10-13-09. The notices were mailed on 9-11-09. We would like to stage onto the site and start excavating the clean overburden on 10-12-09.

Regards,

George Converse

Given the level of concern regarding nuisance conditions during the proposed excavation at 4035 Park Boulevard in Oakland, the notification period of 7 days is not adequate and must be extended to 30 days. Therefore, excavation can begin no earlier than October 14, 2009. Please provide a firm schedule for the start of excavation as soon as possible.

Regards,

**Jerry Wickham**
