Jerry,

Pangea has nearly completed the requested Draft CAP and Pilot Test Work Plan. We are currently awaiting some useable electronic files from Shell' consultant to make the report more complete and better organized. However, if we do not receive the electronic information within a few days, we will submit the report in a slightly diminished form by the end of the week (January 18, 2008).

Pangea therefore respectfully requests an extension until January 18, 2008 for report submittal. Please contact me with any questions or comments. Thank you.
