Subject: RO445 Extension Approval

Rebekah,

Your request for an extension until October 30, 2012 to prepare an SCM and an FSCPA is approved.

Regards,

Barb Jakub

Barb:

We are reworking the report into an Updated Site Conceptual Model and FSCAP. We would like an extension to October 30, 2012, for submission of the document.

It might be helpful in developing your SCM. Also, I was thinking that since you had such a small radius of influence perhaps a trench in the area with the high soil vapor concentrations would work better than individual vertical wells. Just a thought. Hopefully, your SCM will help define where the problem is.
