Transmittal of Phase 2 Construction Report
EBMUD Adeline Maintenance Facility

Dear Ms. Chu:

As we discussed on the phone several weeks ago, I am forwarding the above referenced documents to your attention. These were completed as part of the on-going assessment and remediation of EBMUD's Adeline Maintenance Facility (AMC). This project has been coordinated with Alameda County through Ms. Juliet Shin. I understand that Ms. Shin is no longer in your department and the project has not been reassigned to another staff member. I appreciate your offer to serve as our contact with Alameda County until such time as the project is reassigned.

These documents are two of many prepared for the AMC project. The project includes the assessment and remediation of soil contamination as part of EBMUD's AMC construction project. I am agreed to meet with Alameda County staff to discuss the project, particularly the history of work completed to date, at any time. Please give me a call if there are questions or concerns.

Sincerely,

Eileen Fanelli
