Hi Aaron, Hi Charlotte,

I wanted to send an acknowledgment of the review of the Work Plan Addendum for this site. Knowing you wanted to proceed with this work for the site, I did want to let you know that the addendum looks fine and that tasks can be started (if you've not already done so). Presuming you are still aiming to submit a surficial soil sampling work plan by Dec 15<sup>th</sup>, my thought was I would provide the "official" word for both work plans in a letter commenting on both. In the interim you can use this email.

If you've questions, let me know.

Best,
