RE: **TIMING FOR RESPONSE ??**
CRA Report dated – November 30, 2011
800 Center Street (et al), Oakland

Will you be able to have a response to the above referenced report before the end of this month (January 2012)?

I have some imminent deadlines for making a couple of "very important decisions" in the upcoming few weeks.

One of the big answers being sought per page 9 of this report (attached) is the conclusion by CRA that "no active remediation is warranted at this site."

Will you be able to help out?

Thank you happy new year!
