Subject: Glovatorium

Dear Jerry:

As you know, we are still running extended pilot tests at the Glovatorium per your directive. The test will be concluded on August 1, 2009. The report on operation of the pilot test and drilling additional borings and installation of additional MPE wells is due on August 4, 2009. Due to the extended duration of pilot test, (will run 6 weeks more than the scheduled time), SOMA is requesting a 2-weeks extension for submittal of the report. As such, the report will be submitted to the Alameda County no later than August 15, 2009. Your consideration in this matter is highly appreciated.

Thanks

Mansour Sepehr
