Received call from Nadeeb (sp); a new owner of this site @ 9:29am. He is trying to refinance and wanted to understand what he needs to do in regards to the letter recently sent.

Returned call @ 2:30; discussed site; that Chevron is acting as active RP, so he's not required to do anything at this time; Chevron gave them indemnification; further work needed due to FP at site, closure likely several years out. In regards to refinance he asks us to send letter that say such, but I suggest he show the financial institution the indemnification; he will do so.

Receive voice mail from Nadeeb (sp) around 12:20; wanted to know if Chevron has responded to recent letter as he is refinancing; Bank wants to know costs. Return call around 1:10; Let him know Chevron has responded with WP, it's in my court to review. I'm not aware of costs as that is part of what Chevron would normally be investigating, but that since he has received indemnification from Chevron and they are active, he likely has lower risk for cleanup expenditures.
