Barbara,

I realized that “you” should receive not just the notice flyer, but the directive letter notifying all RPs of the potential closure which also contains the Notification. It’s attached.

If you don’t mind I will address future communications to you, rather than the generic corporate name. It just means you are a representative of Simgas (or Simco Properties), and not an RP responsible for the site. There should only be two (?) more, provided there are no objections to closure (as I would guess).

Also, just to confirm the correct suite number is 1190?

If you do have questions, let me know.
