**Subject:** Former Chevron 91851 (RO 143) -1633 Harrison Street, Oakland - Well Destruction Extension Request

Mark,

Conestoga-Rovers and Associates (CRA) on behalf of Chevron Environmental Management Company (EMC) would like to request an extension for the October 3 , 2014 date that Alameda County Environmental Health's (ACEH) requested for the Monitoring Well Decommissioning and Waste Removal in the ACEH letter dated May 27, 2014 and email dated August 4, 2014. The reason for the extension, as discussed over the phone on September 19, 2014, is that the waste generated during the well destructions will not be able to be removed by October 3, 2014. The waste is currently in the process of being profiled for disposal. Once profiled the waste will be transported to the appropriate facility. The ongoing redevelopment activities occurring onsite caused delays as to when CRA could be onsite to decommission the wells. Therefore an extension of **December 5, 2014** for Waste Removal is requested. As the wells have been decommissioned, the Well Decommissioning Report will be submitted on December 1, 2014 as requested in the May 27, 2014 letter.

Thanks,

**Nathan Lee, P.G.**
