Alexis,

I understand that you and Dilan have discussed this extension request recently. The subject site is also scheduled to be discussed in a meeting on Thursday afternoon, April 24, 2014. Per the previous discussion, and pending meeting, ACEH has extended the submittal date to May 1, 2014. Without a submittal, ACEH must name Chevron as a Responsible Party for the recently discovered diesel groundwater contamination.

Mark & Dilan,

Chevron and our consultant, CRA has gathered information in response to the Diesel Tank Timeline Request and would like to discuss this information with you prior to submitting.

Based on and the recent cancellation of our meeting, I would like to request an extension for the facility referenced above until such time that we can re-schedule a follow-up meeting to discuss this site.

Please let me know when you are available to discuss and I can send out another meeting invite.

Thank you,

Alexis N. Fischer
